

The Zoltie Family - visit to Beit Kassler and the ceremony, in memory of Mrs. Joyce Zoltie and Mrs. Ellen Zoltie

During the month of November Mr. Jack Zoltie and some members of his family paid a visit to the Beit-Kassler Home together with Mr. Shimon Zurieli, ILAN's Director General. The Family visited the different departments as well the homes of the tenants, they met with some tenants and were given more details about the everyday life on the premises by the tenants themselves as well as by Mr. Moshe Dolev, General Manager of Beit Kassler.

Mr. Zoltie and his family have been contributing to ILAN for a very long time. Mr. Zoltie is a very sensitive and caring individual who has been involved and has supported ILAN's activity for many years.

On this occasion, a plaque that had been placed at the entrance of the Beit Kassler's clinic in memory of Mrs. Joyce Zoltie (Mr. Zoltie's regretted wife) and Mrs. Ellen Zoltie (Mr. Zoltie's dearest aunt) was unveiled.

Joyce, who was born in Glasgow (Great-Britain) has been very active her life-long in different organizations such as WIZO, she also helped Cancer Research along with her continuous support, together with Jack, for ILAN's handicapped population. As a family tradition, Ellen Zoltie, Jack's aunt, was also very involved in public activity and supported various charities until she passed away at a golden age.
